

## W. J. BRYAN PRAISED PIES "LIKE MOTHER PARTY PLATFORM MADE" ARE SERVED

In Short Address at City Park Nebraskan Declared Planks Were Progressive.

OPPOSES THIRD TERM POLICY

Asserted That Roosevelt Was Eighteen Years Behind Democratic Party With His Theories.

William Jennings Bryan, three times candidate for the president of the United States and the man who controlled the democratic national convention at Baltimore, delivered a short political address at the city park this morning. It was announced that the speaker and his party would arrive on a special train about 10 o'clock, but Tuesday night local democrats received notice that the schedule had been altered, and that Mr. Bryan would get here at 9:40 o'clock. Local democracy was kept on the hop, skip and jump completing arrangements for the meeting. The speaker's stand at the park was repaired and decorated, and other details were carried out even to the distribution of small horns. This task was left to F. W. Wesner, county chairman, and he succeeded in unloading quite a number of them among the small boys.

Although an effort was made to spread the news of the change in the schedule it seems that it did not become generally known. Mr. Bryan's train was stopped near the C. T. H. & S-E. crossing and he was taken to the park in an automobile. In the meantime a number of people were standing around on the streets down town awaiting the arrival of the train. Several men said they did not know Bryan was in the city until he had completed his speech and was on his way to Bedford.

The speaker plunged into his address at once without many preliminary remarks. He went after the record of President Taft and Former President Roosevelt and said a few nice things about Candidate Woodrow Wilson. He said that the people had lost confidence in President Taft and that he had failed to carry out the laws for the interests of the people. Mr. Bryan declared that the stock in the trusts had advanced eighty percent.

The speaker asserted that Roosevelt was eighteen years behind the democratic party with his progressive moves. Much emphasis was placed upon the election of senators by direct vote of the people. Mr. Bryan seemed to believe that this was a criterion of progressiveness, and that every public man who was not in favor of this law was a "stand-patter." He declared that Roosevelt must stand or fall upon his record.

Bryan declared that in order that Roosevelt be honored with a third term there must be some extraordinary reason. Grant was refused a third term, and he was one of the greatest generals the country has ever known. The speaker said that Roosevelt had nominated President Taft, guaranteed him, elected him and then left him. During his seven and

Soldiers of Twenty-third Regiment Are Given a Rare Treat Upon Arrival at Vallonia.

GREETED BY LARGE CROWD

Visitors Will Leave for Seymour Early Thursday Morning—Whistle to Give Signal.

When the soldiers of the Twenty-third regiment, hungry, tired and dusty, reached Vallonia about 1 o'clock this afternoon after their twenty mile "hike" from Salem, they were given a treat which appealed to every man. The ladies of Vallonia and the vicinity knew just how to please the visitors and made five hundred pies for their exclusive and private use.

There were apple pies, blackberry pies, cherry pies, mince pies, raisin pies and all other kinds of pies, but all of them were "just like mother used to make." For once in their lives the soldiers were given all the pie they could eat, and from all reports they made the best of their opportunity.

The soldiers were greeted by several hundred people of Vallonia and that vicinity and were given a warm welcome as they entered the town. The camp was established near the cannery factory along the railroad. At noon a dinner was served for the officers at the school house grounds. This afternoon a base ball game was played between the regiment's nine and a Vallonia team.

This was a big day at Vallonia. The people have been making preparations for the arrival of the soldiers for several days and had everything just to their liking. It will be a day long remembered by every soldier and officer of the regiment.

The soldiers will start for Seymour early Thursday morning and are expected here about noon. The whistle at the Blush Milling Company will give six long blasts when the regiment is within an hour's march of the city. All persons having automobiles are invited to join in the parade. The machines will assemble on South Walnut street and proceed to the soldiers to the park. The stores have been asked to decorate.

### BOSTON GETS SERIES

Wins Last Game in Tenth Inning—Score 3-2.

The game between the Giants and the Red Sox at Boston this afternoon was one of the hardest fought contests of the series.

Bedient and Cady did the battery work for Boston and Mattheson and Meyer for New York. In the eighth inning Bedient was called out and Woods took his place.

New York made one run in the third and Boston one run in the seventh. In the ninth inning the game was still a tie.

The tenth inning told the story. New York made one run and Boston two. The score was 3 to 2 in favor of Boston. New York made 9 hits and 2 errors. Boston made 8 hits and 5 errors.

## BAR ASSOCIATION TO HOLD BANQUET

Attorneys of Jackson County Appoint Committee to Arrange for Annual "Spread."

OFFICERS WERE ELECTED

Resolutions Expressing Regret of the Removal of U. F. Lewis to California Adopted.

The regular meeting of the Jackson County Bar Association was held at the court house Tuesday afternoon. D. A. Kochenour, of Brownstown, was elected temporary chairman and J. A. Cox, of Crothersville, temporary secretary. The report of the treasurer was read and approved.

The question of the annual banquet of the association was discussed and it was decided to hold it some time during the winter. A committee composed of Ross Robertson, Albert Kasting and J. A. Cox was appointed to make the arrangements.

The officers for the coming year were elected as follows:

President—Ross Robertson.  
Vice-president—John Kamman.  
Secretary—Albert Kasting.  
Treasurer—J. A. Cox.

U. F. Lewis, who has been a member of the association for a number of years will leave in a short time for California for future residence. Mr. Lewis has taken an active interest in the organization and there is a general regret among the members of the association that he is to close his relations with the local bar.

Seba A. Barnes, of this city, presented the following resolutions which were unanimously approved:

"Whereas Ulysses F. Lewis, a member of the Jackson County Bar, and for ten years treasurer of the Jackson County Bar Association, is about to sever his long, agreeable and distinguished relation with said Bar and said Bar Association by removing to the State of California.

"Now, therefore, be it resolved by the Jackson County Bar and by the said Bar Association that we contemplate with much regret the severance of his relations with us and we heartily wish for him and his family a prosperous and happy home in his new location, and we bespeak for him a generous and warm reception by the people of the State of California and we assure them in advance that they will find in him a useful, honest and upright citizen, a generous friend, a good neighbor and an able, honest and trustworthy lawyer. Be it further resolved that a copy of this resolution be appropriately engrossed by the secretary of the said Bar Association and duly attested by him and the president and presented to Ulysses F. Lewis, and that a copy be spread of record on minutes of the said Bar Association.

"Respectfully submitted,  
"SEBA A. BARNES."

Mr. Lewis responded, expressing his gratitude for the resolutions. He stated that the members of the bar associations would receive a welcome at his California home at any time they were in the state. Frank S. Jones, of Columbus, who is a member of the association spoke upon behalf of the association and expressed a wish that Mr. Lewis meet with much success in his new field.

## MANY PLEADINGS FILED BY LAWYERS

Several Cases Are Dismissed Upon Motion of the Attorneys—No Trials Heard.

CIVIL DOCKET IS HEAVY

Defendants in a Number of Divorce Case Fail to Appear—Additional Cases Filed.

The Jackson circuit court was not in session today as the majority of the court officials and many of the attorneys desired to hear the address of William Jennings Bryan at the city park.

Considerable work has been done since the opening of court on Monday, although most of it has been in the nature of motions and pleadings. No trials have been heard this week. A number of cases have been dismissed and several set for trial.

The case of the State of Indiana against Frank Fritz for permitting minors to play games was dismissed upon the motion of the prosecutor. Written reasons for the motion to dismiss were filed. Several of the numerous divorce cases were stricken from the docket upon the motion of the plaintiff, and in a number of others the defendants failed to appear. According to the ruling of the court no decrees of divorce are granted unless the court costs are paid.

The divorce docket shows the following:

Chester A. Ballard vs. Ella Ballard, dismissed by plaintiff.

Robert E. Wheeler vs. Ora Wheeler, set for October 23.

Merrick C. Gates vs. Elizabeth V. Gates, dismissed by plaintiff.

Nellie V. Neville vs. William Neville, defendant defaulted.

George W. Rich vs. Sarah E. Rich, defendant defaulted.

Elmer Williams vs. Frances Ann Williams, dismissed upon motion of plaintiff.

Minnie Keith vs. Ralph E. Keith, defendant defaulted.

Curg Fleetwood vs. Laura Fleetwood, defendant defaulted.

Clarence Hubbard vs. Edna I. Hubbard, defendant defaulted.

Albert Phogley vs. Ella D. Phogley, defendant defaulted.

Lena Baurle vs. Frederick Baurle, dismissed.

George J. Schultheis vs. Amanda Schultheis, defendant defaulted.

A suit for divorce has been filed by John A. Kegler vs. Jennie E. Kegler.

Action was taken on a number of cases on the civil docket as follows:

William P. Rider, et al ex parte, petition for drain, set for Nov. 4.

Edward C. Richards et al ex parte, drain, report of commissioners filed and hearing set for Nov. 4.

William J. Quadde et al, ex parte, drain, time extended for report until first day of next term.

John Oathout et al, ex parte, drain, John E. Joffe appointed engineer. Bond fixed at \$5,000.

James M. McMillan et al, ex parte, drain, time extended until next term.

## SCHRANK HELD TO BE LEGALLY SANE

District Attorney Declared He Knew Right From Wrong and Will Answer For His Crime.

WAS BOUND OVER TO COURT

Refused to Talk and Said That He Had Nothing to Add to the Story Already Related.

Milwaukee, October 16.—John Schrank, the man who shot Colonel Roosevelt here, is legally sane according to a statement by District Attorney W. C. Zabel today. "The man has a perfect knowledge of right and wrong and realized that the act which he committed was against the law," said the district attorney.

"Medically he may have a slight aberration, but only experts could determine that. A fair and impartial trial will be given the man. Some time has been granted him to prepare for this."

Schrank was bound over to the next term of the municipal court. He probably will be tried some time in November or December.

Sheriff Arnold today decided that Schrank should be turned in with the other prisoners in the "bull pen."

Schrank was reluctant to talk to newspaper men today, saying the "bull pen" bars. The other prisoners flocked about him in the hope that he would add something to his story already told, but Schrank insisted to have nothing to add to his original confession that he shot Colonel Roosevelt because he believed the third party candidate a menace to the country.

Schrank refused to look over a newspaper which a reporter held up before him. He insisted that he did not care to discuss the case further, more than to confirm a statement he made last night that he was sorry he shot Roosevelt. Earlier yesterday Schrank had said he was sorry a bullet had not killed Colonel Roosevelt.

Schrank was taken to his cell at 6 o'clock last night and slept well and was not disturbed until 6 o'clock this morning, when the "breakfast period" was on in the county jail.

### ROOSEVELT IMPROVING

Colonel is Cheered by Visit From Mrs. Roosevelt.

Chicago, October 16.—The condition of Theodore Roosevelt showed marked improvement today. When the colonel awoke in Mercy hospital at 6:20 o'clock this morning he was feeling fine. At that time the colonel had had more than ten hours of unbroken rest.

Mrs. Roosevelt arrived from New York early today, and this greatly cheered the patient.

## THE DANGER THAT WAS ESCAPED

WHAT WOULD HAVE HAPPENED IF DEMOCRATIC TARIFF BILLS HAD NOT BEEN VETOED.

### FACTORIES WOULD BE CLOSED

The Disaster Which Threatened One County in Connecticut Would Have Been Experienced in Almost Every County in the United States.

Congressman E. J. Hill is one of the greatest, if not the greatest, tariff experts in the United States. He represents Fairfield county, Connecticut, in congress, and he has recently published a startling document in which he shows the effect the Democratic tariff bills passed during the recent session of congress and vetoed by President Taft, would have had upon these industries if enacted into a law. He lists the factories in alphabetical order and shows in connection with each one just the percentage of reduction in the duty upon the article which it manufactures. The showing is four pages of a newspaper and it is not only awakened Connecticut to shuddering realization of the danger it has escaped, but it has aroused all New England to the menace of a Democratic victory.

Mr. Hill shows beyond question that if these Democratic bills had passed practically every industry in his district and in the entire state of Connecticut would have been put upon a free trade basis and a very large proportion of them would have been obliged to close their doors. Manufacturers from all over the country who have seen this exhibit are writing to Mr. Hill to thank him for making it and to tell him that they had no idea how near to extinction they had been. They had not realized the deadly menace to their industries which was hidden in the Democratic tariff bills and they had not realized the immeasurable debt they owe to President Taft for vetoing it. One correspondent from Delaware writes that Congressman Hill's disclosures had "set the state on fire," and that is hardly too strong a term to use to describe the intense interest aroused.

Another article which has recently appeared and which has produced almost as startling an effect upon those to whom it was immediately addressed as that of Congressman Hill, is an editorial in the "American Sheep Breeder." This editorial calls attention to the fact that neither Colonel Roosevelt nor Professor Wilson made any reply whatever when asked what their attitude would be on the question of protection to the wool industry, while President Taft answered by wire, calling attention to his veto of the wool bill and the expression of opinion which he gave in that veto.

The editorial very properly draws the inference from the silence of the Bull Moose and Democratic candidates that the wool industry need not hope for any consideration at their hands, and it quotes the message of President Taft to show that he realizes the absolute necessity of protection in order that the industry may prosper, and that so long as he is in the White House no free wool bill can become a law.

The "American Sheep Breeder" goes to many thousand men engaged in the sheep industry and it is not in any sense a political newspaper. It is devoted to the interests of the sheep industry, however, and its expression of editorial opinion that President Taft and the Republican party alone can be trusted to safeguard that industry, can hardly fail to concentrate upon the Republican ticket the vote of all those vitally interested in that industry.

The Democratic managers realize the deep-seated distrust toward their party which exists on account of its attitude on the tariff question and are trying desperately to make it appear that the tariff plank in their platform does not really mean so very much. They plead that the Democratic program would be to reduce the tariff gradually so as not to disturb business, with the idea that ultimately the country could reach a free trade basis by easy stages—which is like the old story about gradually reducing the feed which is given to your horse until by dint of habit he learns to do without any feed at all.

But the country will not be deceived. The country knows perfectly well that Democratic victory would mean a long period of tariff agitation with nothing certain except that in the end bills would be passed under which there would inevitably be enormous importations of foreign products with corresponding contraction and stagnation of domestic trade and manufacture. The country did not fail to take note of the tariff revision bills passed by the present Democratic congress under the boast that they did not contain a line of protection. The country knows that but for the courageous vetoes of President Taft these ruinous Democratic measures would now be on the statute books and in all probability the industries affected by them would be languishing and thousands of men out of work.

It is the knowledge of these facts that is responsible for the strong and steady drift toward Taft that is reported from all sections of the country and that is the forecast of a sweeping Republican victory.

## TURNING SEARCHLIGHT ON A. J. BEVERIDGE

J. Frank Hanly Discusses Political Activities and Fallacies of Bull Moosers.

J. Frank Hanly, whose intimate knowledge of political conditions and of politicians in Indiana makes of him a recognized authority on these subjects, has in his series of campaign speeches, turned a searchlight on Albert J. Beveridge and has revealed the kind of politician and the fallacy of his theories that the Bull Moosers are asking the voters to elect to the governorship of this State. When Mr. Hanly was governor and Beveridge was seeking to retain his seat in the U. S. Senate, Governor Hanly had first hand acquaintance with the Beveridge machine and Beveridge bossism, which the Bull Moose candidate is now decrying.

Speaking of the last campaign, when Beveridge was in control of the Republican organization in Indiana, Hanly said:

"His attitude was that of a dictator. He sought no counsel. He would hear no advice. Other candidates on the ticket with him were given to understand that he was the issue. I have no censure or criticism for any man

J. FRANK HANLY.

who leaves his party because its ideals and purposes are no longer in accord with his own convictions. That is his privilege. Aye, more. It is his high and bounden duty. But before he leaves, and especially if he be in public life and is accustomed to share in the councils and shape the policy of his party, he ought to make an honest effort to so form its ideals and shape its purposes that they will accord with his convictions. Without this effort, the sincerity of his purpose may well be questioned.

"And if he leaves his party from personal pique or disappointment, or from failure to realize his own desire for place and power—if actuated by these motives or any of them, he turns his back upon the party that has honored him and given him name and fame, and seeks to rend the mantle he has worn simply because it has passed to other shoulders—his act is perfidy itself and he is justly the subject of censure. And in such case his councils should be accepted with caution, and his leadership declined by all thoughtful, honest men.

"If I believed Albert J. Beveridge actuated in his present apostasy from the Republican party by high and sincere motives and inspired by high concern of the public welfare and untempted by ambition and desire for personal dominance and power, I would have no word of censure for him.

"When the party was organized this year he lost control of the state organization and could no longer reign as dictator. Then he announced his departure from the party that had made him all he is in public life, announced his departure before the party had met to write its platform or nominate its ticket, so far as the party in Indiana was concerned.

"It is just to bear in mind in this connection that it was the Republican party in Indiana that had honored him. Yet he did not wait to hear it speak before he left it. He did not seek to influence its councils or to shape its policies to the end that they might, when it did speak, voice the truth as he conceived it. On the contrary, knowing the time and the place of its meeting—the hour and the hall—he sought to forestall its action, to blight its councils and to abort its purposes by calling a convention, organizing a new party, writing a platform and accepting its candidacy for the governorship, before the party to which he had belonged could have opportunity to either speak or act."

Mr. Hanly quoted a published interview from John Bonnell, of Crawfordsville, a close friend of Beveridge, making known the efforts of the Bull Moose candidate for governor to win Bonnell to his cause. Bonnell is quoted with saying of Beveridge: "He then pleaded with me on the score of our old-time friendship and party affiliations, saying that Mr. Roosevelt's nomination meant to him (Beveridge) his political life or death."

"Here we have it from his own lips," said Hanly. "He battles today not in the army of the Lord at Armageddon for the public welfare, but in a personal cause, leading a personal army for personal ends—battling for his own personal political life."

Comparing the State Republican and Progressive platforms, Mr. Hanly said the only substantial differences

was the fight on are not of great value. In all the instances which I have cited the 'army of the Lord' was compelled to fight and win or lose without 'Rienzi.'

"Mr. Beveridge's opposition to temperance legislation during this long term of years and his present hypocrisy is so patent to those who have been observant and in a position to know, that it seems incredible that any one should be deceived by anything he may now say. Yet many sincere friends of temperance are thinking of voting for him under the belief that he is a real friend of the temperance cause.

"On the 18th of January, 1905, Mr. Beveridge was re-elected to the United States senate by the general assembly. He was present at the time and addressed the general assembly while convened in joint session. The remonstrance law was then pending, its fate was uncertain. It needed friends, especially in the senate. Some of Mr. Beveridge's most ardent supporters and closest friends in the senate were opposed to it. It was finally passed in the senate by a narrow margin of three votes beyond the constitutional majority required to make it effective, but this militant 'soldier of the cross,' this intrepid 'guardian of the public welfare,' this 'Rienzi of the people,' did not join the 'army of the Lord' that was battling for it."

Beveridge was opposed to placing the county option plank in the Republican platform four years ago, and after it was written in and the measure was before the legislature, no help for its passage came from him. Mr. Hanly quotes numerous letters and statements from eminent Republicans to prove that Beveridge was not friendly to the temperance plank of the party, and said that the initiative and referendum, as proposed by Beveridge, can not permanently solve the liquor question in Indiana.

Said Mr. Hanly: "The remedy is itself an assault upon constitutional government. It contravenes the whole theory of representative institutions. But that phase of it I discussed last night at Tipton, and can not take the time to debate it now. But even if it were not unconstitutional and revolutionary, it would be absolutely ruinous to the temperance cause. If the constitution be amended, or a new one adopted, incorporating the initiative and referendum, the question will recur every two years and will be constantly and forever before us. Submitted today, and victory won, by the temperance forces, two years later the liquor interests will put it up again through the initiative, and through the referendum it will have to be met again. This process will be recurrent and unending, until, at last, worn out and their resources exhausted, the temperance forces will be compelled to give up the fight. Local option will have been destroyed and the whole state will be made 'wet.' For you will remember his pledge is to 'favor county option as a temporary relief' only. Through the initiative and referendum it will be swept away.

"To make a state campaign will require much money, the services of many men as organizers and speakers and much of the people's time. That such a campaign can be organized, financed and waged every two years ad infinitum is impossible. How any sincere temperance advocate can be deceived by such a program or aid in its initiation and adoption, aside from all constitutional reasons, is beyond my comprehension. The liquor interests themselves could not have devised a more cunning or efficient means for making Indiana all 'wet' than this man proposes.

"Believing this, I call upon the temperance electors to refute its advocacy and to reject it at the polls. I beg them not to let themselves be deceived. And I caution them that Albert J. Beveridge, Edwin M. Lee, Horace Stillwell and Freddie Landis are not safe counselors on this question.

"They are Greeks bearing gifts, and if the temperance people of this state accept them the gifts will turn to ashes on their lips.

"In the light of these facts and of his record, it seems incredible to a candid mind that Mr. Beveridge's present apostasy from the Republican party was occasioned by fear that the party would not this year incorporate a county option plank in its platform. Against that program I place that of the Republican party.

"Upon that platform its candidates are standing four-square. To its performance they are pledged. The platform and the candidates also pledge a constitutional convention. They are opposed to the initiative and referendum. If a constitutional convention is called, the temperance forces of the state will be given their opportunity—not for the initiative and referendum—but for a constitutional inhibition against the traffic—an inhibition in the people's own law which shall stand permanent and abiding until the constitution itself is changed by solemn and orderly process. As a temperance man, that progress appeals to me. It ought to appeal to all temperance men—all Republicans, all Democrats, all Prohibitionists, who believe in the annihilation of the traffic. It meets the conditions we named last December in the great omnitarian convention held in Indianapolis, to which we pledged our faith and our support. For that I battle, not only as a 'soldier of the cross,' but as a free man with a ballot. For the temperance people of Indiana here is the real field at Armageddon. Here only is spread the real enlistment roll. For that every Christian man or woman can truly sing 'Onward, Christian Soldiers!'"

"The private banking act received neither aid nor comfort from him, and one of his closest friends in the general assembly was its most bitter and effective opponent.

"In the light of all this I put the question: Is he not rather a late recruit in the 'army of the Lord.' Troops are not at the crux of battle

with the fight on are not of great value. In all the instances which I have cited the 'army of the Lord' was compelled to fight and win or lose without 'Rienzi.'

"Mr. Beveridge's opposition to temperance legislation during this long term of years and his present hypocrisy is so patent to those who have been observant and in a position to know, that it seems incredible that any one should be deceived by anything he may now say. ## ROVER'S FORTUNE WON

LOOKING ON "OTHER SIDE OF" "ROLLING STONE" ADAGE.

One Man's Testimony Is That Travel Gave Him the Acumen to Pull Off Trades That Won.

I'd been a rolling stone. And before I was one I had heard a lot about the evil effects of being that particular brand of a human. But, strange though it may seem, I've had a lot of fun out of it, I've found my way to success through it, and had I not been a rolling stone, I might have amounted today—to exactly nothing.

I had been wandering from place to place for a good many years. I guess that in my travels I hit nearly every city there was to be hit, and when there weren't cities there were villages. I would work awhile and then move on. The travelling spirit was in me, and I did not care to stick long in one place.

But for three months I was in a small town in Oklahoma. That was a pretty fair amount of time for me to stay anywhere, and I had made a little money by trading and selling lumber. I guess that through the lucky turns that had come to me I had \$1,500. I intended to take a trip to Europe on that, and had made all my plans.

Well, one night I was talking of that to one of my new made friends in the small town. He looked at me with a wink in his eye.

"Will you take a little tip from father?" he asked.

"Sure," I said, "what is it?"

"Just this, there are about ten of the business men of this city that are going to build a railroad into Muskogee. It'll be a snide affair as far as railroads go, but it will open up all this country around here. The negotiations have been secret so far and not even the right of way has been touched. Why don't you try buying a little land?"

I took the hint, and the next week found me spending my \$1,500. I bought land at \$10 and \$15 an acre and I bought it where I really believed the railroad was going to go. I was right in my surmise. Now that land is worth \$100 an acre or even more. It had always been worth that, but it could not be developed properly without the railroad.

"And of course I have made my money back 10 or 12 times over. Besides, I have a fine little farm that is turning me in enough to live on every year and still maintaining good principal. And I am firmly convinced that if I had not been the rolling stone I was that I would have accomplished nothing. It was that roving spirit, that changing of scenes, that running into different people and different conditions that gave me the acumen to pull off the trades that gave me the \$1,500. And it was the fact that I had rolled into the town that gave me the tip to buy land. And so, I am strong for the man who said: 'The rolling stone gathers no moss, but it acquires a thunder of a polish.'—A. R. Stone in Chicago Tribune.

# DECISIVE GAME ENTHRALLS ALL

The Eyes of the Country On  
Boston Today.

## BOTH SIDES ON KEEN EDGE

With Three Games Apiece to Their Score, the Giants and the Red Sox This Afternoon Are Engaged in a Contest Which Will Determine One of the Most Remarkable Struggles in the History of Sport.

Boston, Oct. 16.—McGraw and his men were brimful of confidence when the game which is to decide the world's baseball championship was called today. The Giants seemed to think that they had the Red Sox on the run and that the result of the game already was in.

Christy Mathewson started things going in the box for New York. Before the game opened Matty declared that his arm was in pretty fair shape and that with any kind of a break he could hold the Beaneaters down to a losing score. McGraw is prepared to take desperate chances to win today. If the Red Sox hit Matty the Giants manager, it is said, will call upon Marquard to clean up. The Ruben did not work yesterday, but he said that in spite of the hard work he did in the box in New York Monday he felt no ill effects.

No More of "Smoky Joe."

Biedent was selected to start against the Giants today. Wood was anxious to redeem himself, but after his miserable showing yesterday, a large majority of Boston fans preferred to stake everything on Biedent, who beat the Giants here last Saturday. But if the Giants find Biedent, Stahl will call upon Wood as a last resort. Biedent has had three days of rest and the Boston players say that they do not believe the Giants can do much with his wonderful cross-fire delivery.

Today's game promised to be a terrific strain upon the nerves of both teams, but judging from personal observation, the Giants will have a shade the best of the Beaneaters in this respect. The management today prepared for a record breaking attendance. The gates were opened at 10 o'clock this morning with the idea of taking care of at least 38,000 persons.

## ONE-SIDED GAME

Eleven to Four Was the Score in Favor of the Giants.

Boston, Oct. 16.—Adapting themselves more readily to freakish climatic conditions and going at the Red Sox with bristling front from the outset, the Giants yesterday afternoon knocked the props from under the American league champions in quick time and won the game from a running start. With a feast of base hits and a flow of runs, which embraced another stampede to the plate in the first inning, one more run than was made in the first inning on Monday, the Giants battled their way irresistibly to even terms with the Red Sox in games won, and the tally now stands three games to three, with the game which will settle it one way or the other being played here this afternoon.

The Giants' sweeping triumph was achieved by a score of 11 to 4, and of the opulence which they enjoyed in scoring, six runs were gathered in the first inning. As was the case Monday in New York, an incisive, assorted and bold array of moves took the Giants to the plate in droves and had the Red Sox reeling. The latter were lifted off their feet by the sharpness and vigor of the attack. Although they staggered along in the rear and succeeded in accumulating a few runs of their own, they fought a hopeless fight throughout a long, loosely played contest.

Outhitting the Bostons 2 to 1, and excelling them in every phase of offense, it became evident as the one-sided encounter wore on that the margin of runs by which the Giants would win was the principal question. It was one of the most decisive beatings in world's series history. The Red Sox played poorly. They were uncertain and wobbly. For that matter the Giants played an uncertain game in the field, they, too, making errors. The pranking wind affected their playing as well as that of the Red Sox, making fly balls hard to gauge, and there were some foolish looking misunderstandings in the field, for which the wind was partially accountable.

## SPEECHMAKING OF WILSON TO CEASE

Will Not Campaign While the  
Colonel Is Out of It.

Princeton, N. J., Oct. 16.—Until Mr. Roosevelt is able to take the stump again, Governor Wilson has announced his intention of cancelling every campaign engagement from which he can possibly withdraw.

"I cannot," he said, "cancel the engagements which are immediately ahead of me without subjecting those who have arranged them to very serious embarrassment and great inconvenience, but I shall cut the series at the earliest possible point. Mr. Taft has at no time taken an active part in the campaign, and I have no desire to be the single candidate on the stump engaged against no active antagonist."

Governor Wilson was asked if his active speechmaking would end on his return next Sunday from Delaware, West Virginia and Pennsylvania.

"Yes," he said. "I have asked my managers to arrange to cancel the engagements in New York and Brooklyn for next Saturday night."

# THE COLONEL IS OFF THE STUMP

Speechmaking Campaign Has  
Been Abandoned.

## HIS FINAL MESSAGE TONIGHT

This Will Be Delivered by Former Senator Albert J. Beveridge, Who Will Fill the Colonel's Date at Louisville and There Convey to the People What Roosevelt Has to Say as His Last Word in the Campaign.

Chicago, Oct. 16.—Summing up the developments of one of the greatest presidential contests in the republic's history, and setting forth what he hopes to achieve as president of the United States, Colonel Theodore Roosevelt's final message in this campaign will be delivered in Louisville tonight.

Former Senator Albert J. Beveridge of Indiana will be the means by which the colonel will convey this message to the people, and he came to Chicago last night to learn from the colonel's lips just what he wants to leave with the voters of this nation as his last word in this tremendous conflict.

Colonel Roosevelt's itinerary, which, of course, has been abandoned, called for addresses in Indianapolis last night and in Louisville tonight. When he was informed by the surgeons in attendance that he probably would not be able to take a further personal part in this campaign, he decided that the Kentucky city would be the place from which his battle call should be sounded.

Mr. Beveridge was reached by wire and the circumstances explained to him. He at once started for Chicago, but before doing so waived any claims he might have had on the Progressive leaders for his own contest and offered to go into the neighboring state as the bearer of the colonel's message.

## Colonel Enjoying a Rest.

Theodore Roosevelt is resting easily at Mercy hospital, and while it cannot be said that he is out of danger, his condition shows a slight improvement.

The attending surgeons have deemed it inadvisable to probe for the bullet that was fired by John Schrank in Milwaukee Monday night into the chest wall of the colonel, and which entered an inch below the right nipple, coursed downward and now rests near the liver. It is their view that there is no immediate danger and no attempt will be made for the present to locate the bullet unless suppuration sets in. The surgeons injected, as a precautionary measure, a serum to guard against the development or appearance of tetanus at a later time.

That there is possibility of danger from the wound was the admission of Dr. Terrell, who accompanied Colonel Roosevelt to Chicago. "I would not wish to say at this time that he is not dangerously wounded," said the surgeon. "The gun was a foul one and the bullet passed through too many substances before it entered his body for the fear of blood poisoning not to be imminent."

While disinclined to talk for publication except for the official bulletins issued, it may be said that the surgeons base a large amount of hope for the colonel's ultimate recovery on his remarkable physique. They characterize his physical condition as excellent, due to habitual exercise and constant abstinence from liquor and tobacco. Before retiring last night the colonel shaved himself and took a bath unassisted. He then read his Bible for a few minutes, turned off his light and went to bed. He was fast asleep in a few minutes.

For a while in the evening Colonel Roosevelt sat in bed propped up by pillows, with books and magazines stacked up around him. His telegrams he had read and answered, leaving those coming after 8 p. m. to be answered today. With his spectacles comfortably adjusted, all his books within reach, his downy pillows replaced by cushions of curled hair, he told the night nurse assigned to his room that all he wanted was within his reach, and that no one need worry about him till he began worrying for them. He said he felt fine and told the doctor that unless the infection of the tetanus anti-toxin interfered he would have the "first real comfortable evening to himself" he had enjoyed in many days.

## Schrank Sorry He Shot.

Milwaukee, Oct. 16.—A strange apathy has been manifested by John Schrank, the crank who shot Colonel Roosevelt, as to the condition of his victim. He has asked no questions, has seen no newspapers and as far as the jail authorities know, does not know whether Colonel Roosevelt is dead or not. He unbent enough to tell a jail attendant he is sorry he shot. He asked no questions, however, and has manifested no curiosity as to the result of the shooting. At his preliminary hearing Schrank pleaded guilty to a charge of attempted murder and was held for trial at the November term of the criminal court.

## Many Reported Lost in Battle.

## A SOCIALIST MAYOR HAD TO GO TO JAIL

Freedom of Speech Involved in  
Arrest of Lunn.

Utica, N. Y., Oct. 16.—For violation of a local ordinance which prohibits loitering in streets, Mayor George R. Lunn, Socialist mayor of the city of Schenectady; Charles A. Mullen, his commissioner of public works, and the Rev. Herbert A. Berkaman, formerly a member of Mayor Lunn's cabinet, were arrested in Little Falls. For four hours the three men were locked up at Little Falls police headquarters. Later the Schenectady executive and his two companions were permitted their liberty on their own recognizance.

The arrest of the three men followed an attempt by them to address a large crowd of foreigners, until recently employed at the Phoenix knitting mills in Little Falls, but who a few days ago went out on a strike.

Chief of Police Long advised the men that they were on dangerous ground in making the speeches and ordered them to move along. Lunn and Mullen became engaged in a sharp discussion with Chief Long as to the law covering free speech and outdoor meetings, and the Rev. Mr. Berkaman also took a hand. Chief Long thereupon placed the trio under arrest and escorted them to police headquarters, while a mob of strikers trailed at their heels.

Lunn was in a highly indignant frame of mind at his arrest and berated the Little Falls police officials, and other city authorities in vigorous language.

## FAMILY WORRIED

Mrs. Roosevelt and Children Hasten to the Colonel's Bedside.

New York, Oct. 16.—Mrs. Theodore Roosevelt, Theodore Roosevelt, jr., and Miss Ethel Roosevelt have left for Chicago, where they will join Mrs. Alice Roosevelt Longworth, who went ahead of them from her home in Cincinnati, at the bedside of Colonel Roosevelt.

With Mrs. Roosevelt, her son and daughter, went Dr. Alexander S. Lambert, for twenty years the family physician of the Roosevelts. Dr. Lambert said that he wanted to see the colonel before commenting on his condition, but he added that bulletins from Mercy hospital led him to believe that the wound would not prove serious. Dr. Lambert said that he was familiar with Colonel Roosevelt's general state of health, but no one could say what was the effect of the shock without seeing the patient. "Anything else," said Dr. Lambert, "would be a theoretical guess as to what might happen."

Mrs. Roosevelt spent part of the day at the Hotel Manhattan, hearing all the Progressive party's bulletins from Chicago before she decided to go to her husband. It was Dr. John B. Murphy's opinion that the colonel would be in the hospital at least ten days that caused her to say finally, "I'm going."

## LOOKING TO PEACE

Turkey and Italy Reach a Basis of Understanding.

Ouchy, Switzerland, Oct. 16.—The Turkish and Italian delegates signed the protocol of the peace preliminaries at 6 o'clock last night. It is understood that the peace agreement will be officially signed this week. It is stated that in the agreement Turkey accepts the original conditions without the recent modifications. The war will then stop immediately, Italy withdrawing from the Aegean islands and Turkey from Libya. Turkey now has her hands free in the Balkans.

## Hundreds of Casualties.

Constantinople, Oct. 16.—The advance of Greek troops on the southern frontier met with desperate resistance from the Turks. There were hundreds of casualties on both sides.

# PROVISION FOR INSANE COLONY

Legislative Appropriation at  
Once Available.

## NEED OF LARGER FACILITIES

Recognition of the Need of at Once Providing an Extension of Institutions For the Care of the State's Insane Prompts the Governor to Put In Force the \$75,000 Appropriation Recently Made.

Indianapolis, Oct. 16.—The authorization of the expenditure of \$75,000, appropriated by the 1911 legislature for the purchase of land for an insane colony, will be forthcoming immediately, or so Governor Marshall has notified Dr. S. E. Smith, superintendent of the eastern hospital for the insane at Richmond, the money to be available some time in the early spring of 1913.

It is said that Dr. Smith, believing that Governor Marshall would select the eastern hospital for the insane for the scene of the institutional experiment, has obtained options on 500 or 600 acres near the site of the present institution.

The argument of the governor in favor of the proposed colony takes in the fact that such action must be accomplished at once or it will be necessary for large appropriations to be made either for the erection of expensive additions to the present hospitals for the insane in Indiana or for the building of a new insane institution.

## A Compromise Plan.

Dr. Smith has been informed that he may go ahead with the plans for the proposed colony and that the governor will make arrangements for the money to be transferred for the purchase price early next spring. The idea is a compromise between the system of handling the insane now in operation in Wisconsin and the system of Indiana, which so far has contemplated only the institutional incarceration of the insane. The Wisconsin plan is built entirely on the cottage system, whereby the open air and more or less individuality is accorded each patient.

In the Wisconsin plan, also, the counties have joined together and pay one-half of the expense of the operation of the colony, while the state pays the other half.

"We can't start the county system in Indiana now," the governor said. "We either must work along these lines or build large additions to the old institutions or erect a new one."

## STRANGE VAGARY

South Bend Lunatic Entering Homes and Destroying Clothes.

South Bend, Ind., Oct. 16.—A person who breaks into a house for the purpose of destroying a woman's hat, gown or other wearing apparel is being sought by the police in the hope of solving a mystery here. At least four homes have been entered and more than \$500 in damage done. The tricks of this queer man or woman are varied. Hats, gowns, dresses, gloves, cloaks, silks and, in fact, anything a woman could wear, have either been destroyed or damaged in such a way that they are of no value. At the home of the Rev. John S. Burns of Trinity Presbyterian church, a pair of silk gloves were removed from their place in one room and taken to the kitchen, where they were stuffed in a warm rice pudding. The police believe it is either the work of an insane person or someone seeking revenge for a fancied wrong.

## Officers Were Elected.

Logansport, Ind., Oct. 16.—The Indiana Conference of Charities and Correction, meeting here, elected the following officers: President, Prof. T. F. Fitzgibbon, Columbus; vice presidents, Dr. Mary A. Spink of Indianapolis, Prof. A. R. Charman of Terre Haute, Dr. Frank Harper Hayes, Logansport; secretary, Frank D. Loomis, Indianapolis; executive committee, John B. Elam, Mrs. Elias Blaker and Dr. Charles P. Emerson, Indianapolis; George A. H. Shideier, Marion; Prof. W. A. Mills, Hanover; W. H. Elchorn, Bluffton.

## Grand Jury Is Investigating.

Indianapolis, Oct. 16.—The local grand jury has begun an investigation of the police department. Police Superintendent Hyland asked for the investigation because of charges said to have been made by former Mayor Caleb S. Denny, that the police have been receiving money from the saloons and houses of ill fame.

## Murder Is Suspected.

Evansville, Ind., Oct. 16.—The body of the man that was found below here in a patch of weeds was identified as that of James H. Rhea of Henderson, Ky., who had been missing from his home for eight weeks. It is believed Rhea was murdered.

## Despondent Man Takes Poison.

Muncie, Ind., Oct. 16.—Arthur Baker aged fifty-four, despondent because of ill-health, swallowed poison here at 11 o'clock today.

## SAM SCHEPPS

Proved Interesting Witness  
in the Becker Murder Case.

## JACK ROSE'S JESTER ON WITNESS STAND

Sam Schepps Lightens Black  
Tale of Crime.

New York, Oct. 16.—Sam Schepps, Jack Rose's jester and the play boy of the Rosenthal murder, testified for six hours and a quarter in the trial of Lieutenant Becker, and exhibited the qualities that made him the joy of the gamblers in their luckless hours.

Murder trials are not supposed to be humorous affairs and justice should never be glanced upon flippantly, but Schepps somehow dispelled the gravity of the proceedings and lightened the black tale of crime. Even the austere Judge Goff permitted his eyes to twinkle, while some of the jurors laughed outright.

## An Extraordinary Specimen.

Schepps was so pleased with himself, so proud of his skill in coping with Mr. McIntyre, his inquisitor, so naive in his appeals to Justice Goff, so pugnacious and alert, that the listeners were most of the time in better humor. He took it for granted that the court appreciated him at his own valuation and Justice Goff seemed to regard him as an extraordinary specimen of another world, one that must not be banged about by counsel for fear of the total loss of a curiosity worth studying.

But the amusing characteristics of the state's principal corroborative witness in the case by no means lessened the effect of the testimony he gave against Lieutenant Becker. Resisting every device of John F. McIntyre to trap him into admitting that he was an accomplice with Rose, Webber and Vallon, and insisting that he was kept in the dark and used only as an errand boy by Rose and Webber, Schepps swore that the night after the murder he talked with Becker in Becker's house and that Becker sent this message to Rose:

"Don't mind anything. I'll fix it all right. They have to prove who killed Rosenthal before they can convict anyone."

Invalid Woman Burned to Death.

Elkhart, Ind., Oct. 16.—Mrs. David Willis, an invalid, was burned to death in her home while her husband was on his way to this city. Willis was intercepted by a telephone message and returned home.

THE WORLD-RENOWNED AND ONLY ABSOLUTE SMOKE CONSUMING STOVE ON EARTH. THE WONDER OF THE AGE.

The Hot Blast Air-Tight

# FLORENCE

Patented June 13, 1899.

## The Zenith of Stove Perfection

The only jointless leg bottom and base with full radiation and large ash pan that is on the market or has ever been made in the history of the stove industry. The jointless leg bottom and base makes the stove air tight below the grate, which is the only true fire-keeping principle. It will be as good a fire keeper twenty years hence as it is today. The Hot Blast Air-Tight Florence will heat twice the space that can be heated by any other stove on earth at one-half the cost. The only perfect floor heater that is or has ever been made. All features are patented, and no stove manufacturer, dealer or user can copy same for seventeen years from date of patent without incurring liabilities for an action for damages. J. B. Howard, Inventor.

The Hot Blast Air-Tight Florence burns soft coal or slack, and all the smoke and gases. No filling up of the stove, pipe or flue with soot. No dirt inside or outside the house. It will burn hard coal and all the gases which escape from the hard coal base burner. It will produce one-half less ashes than any other stove on earth with any kind of fuel, and leave no clinkers or half consumed fuel.

### TAFT'S FIGHT IS YOUR FIGHT.

President Taft is leading the Republican party in a gallant fight to save the protective system to the country and to maintain popular representative government under the Constitution.

President Taft's fight is the fight of every Republican. Under the banner of the Republican party this country has prospered for over fifty years, save only during the four years when the Democrats were in control of the government. It would mean the ruin of business to suddenly change from the protective system to the free trade laws which the Democrats, in accordance with the declaration of their platform, would promptly enact. With manufactured articles and cereals upon the free list, as proposed in the tariff bills passed by the Democratic house and courageously vetoed by President Taft, many factories would be closed. Not only would there be an army of idle workmen, thus destroying the home market for the farmer, but the latter would also be forced to contend with the influx of foreign grain admitted duty free. Manufacturers would suffer, but the greatest injury would fall upon the farmer, who has not always the capital to tide over hard times.

The fight which President Taft is making is more than a fight for the Republican party. It concerns every American citizen, without regard to his political affiliation. Upon the outcome of the contest depends the preservation of our institutions and of national prosperity.

Governor Hadley of Missouri, who had charge of Roosevelt's seventy-two contests upon the floor of the Republican national convention—after Roosevelt had abandoned 164 contests which were admittedly without the slightest shadow of a foundation—is squarely supporting President Taft. He says that the Republican party has done nothing to mar its splendid record of decency and honesty.

Governor Deneen of Illinois, who materially aided Roosevelt's cause in the pre-convention campaign and who prepared a resolution at the Chicago convention in the interest of the Roosevelt claimants, is also openly supporting President Taft. He declares that Roosevelt confessed to him that there were only thirty-four delegates whose cases had possible merit and that even regarding these honest men might have a difference of opinion.

Lafe Heiman went to Kokomo Tuesday evening to attend the Departmental Council of the Patriarch Militant of the I. O. O. F. He is the delegate from the local Canton.

John Jaspers, of the B. & O. S-W. offices, left this afternoon for a week's vacation. He will visit friends in Cleveland and Akron before returning.

Mrs. Mary Jaspers of North Chestnut street, went to Cincinnati this afternoon to visit a week with her mother.

### SPLENDID PLAY

Large Audience Pleased With "The Power Behind The Throne."

A large audience witnessed "The Power Behind the Throne" at the Majestic Tuesday evening and it was pronounced an excellent play presented by a strong company. The plot is somewhat unusual and the audience was kept wondering "what move will be made next." The work of the members of the company was above the average of the plays that visit this city and the scenic effects were good.

Miss Laura Arnold, who recently joined the company, had a leading part and interpreted her lines well. The success of the play depended largely upon her work. The other members of the company deserve high commendation. The company went to Washington this morning and will then present the play at Louisville for several nights.

### Republican Speakings.

The following speakings have been arranged for in Jackson county:  
Saturday, October 19, Judge O. H. Montgomery and J. A. Cox, Mooney.  
Saturday, October 19, Judge John M. Lewis, Vallonia.  
Tuesday, October 22, Judge O. H. Montgomery and Judge John M. Lewis, Uniontown.

Members of Glidden Tour on Trip to New Orleans.

Two automobiles making the trip from Detroit to New Orleans over the same route that will be followed by the Glidden tour next June, were in

the city today. The party left Detroit Monday and expect to arrive at New Orleans Saturday. Charles J. Glidden was a member of the party.

The trip was being made on the regular schedule of the tour and photographs of interesting places will be taken and later used as an advertisement for the tour. The party re-

ported that the roads from Detroit to Seymour were in good condition and no trouble would be experienced in making an average of twenty miles an hour. The members of the party beside Mr. Glidden were H. H. Robinson, P. W. Williams, Archie V. Davis, M. H. Newton, G. W. Radoye, of Detroit and Harry Walls, of Philadelphia.

### DIPHTHERIA CASES

### Schools and Churches at Honeytown Ordered Closed.

There are quite a number of diph-  
theria cases in the county, and at  
Honeytown the condition became so  
alarming that the schools and  
churches were ordered closed  
until Monday. There are a number  
of cases in Hamilton township, but  
none of them regarded as serious.

It is believed that the cases will  
be under control by the first of next  
week and the schools can resume  
work. The Christian church planned  
to begin a series of revival meetings  
this week, but these have been pos-  
tponed until the diphtheria scare is  
over.

### Letter of Commendation.

The New Building and Loan As-  
sociation has received the following  
letter from the auditor of state after  
his second examination of the associa-  
tion:

State Building and Loan Department.  
Indianapolis, August 8, 1912.

Mr. Harry M. Miller, Sec'y., New  
Building and Loan Association, Sey-  
mour, Indiana.  
My Dear Sir:

We have examined the report of the  
examination of the accounts and  
records of your association recently  
made by State building and loan ex-  
aminer, Hon. Isaac Dunn. Your fi-  
nancial condition is satisfactory,  
loans well secured and accounts cor-  
rect.

This is the second examination of  
your association made by the State  
and we are pleased to report that  
your association has made splendid  
progress since our last examination  
and your policy is conservative, hon-  
est and economical.

Your association pays three times  
as much in dividends as the Postal  
Savings Bank pays interest and there  
is no need of the Postal Savings Bank  
in competition with your association.

Safety is the proposition of para-  
mount importance among the people  
and under the efficient management of  
your well known officers of ability and  
responsibility and with the same sys-  
tem of State examination as provided  
for banks and trust companies, which  
we now have under the new building  
and loan law, (generally conceded to  
be the best building and loan law in  
the United States) we regard your  
association as being safe and sound  
in every particular.

Your association is entitled to and  
will receive the most cordial assist-  
ance that is possible for this depart-  
ment to grant.

Yours very truly,

W. H. O'BRIEN,

Auditor of State.

## Heart-Happy Talks.

By EDWIN A. NYE

### THE FATHER OF A FLOWER.

Of all the flowers of earth what is choicer than the American Beauty rose?

But—Do you know the man who created that beautiful thing is a lonely, disappointed, hopeless old man who has scarcely where to lay his head?

Specific details are lacking, but it is known that because of lack of money to promote the culture of the Beauty and to exploit it others stepped in and reaped the fruits. Tens of thousands were made, of which the original grower got none.

Today the bent and shabby father of the flower walks the streets of Washington seeking an occasional job from some prosperous florist who knows his history or goes hungry.

Meantime his rose riots in every conservatory over the earth. He is a gentle old man of refined tastes, quiet ways and sensitive nature. And it is characteristic of him that he should refuse to touch or care for an American Beauty.

The gorgeous bloom is not for him. Though he dreamed it into being, it serves only to remind him of a life's disappointment and the ingratitude of mankind. It is to him—as if the thing created had turned away from its creator.

And so—While his flower flourishes everywhere in the gardens, adorns the bosoms of countless happy brides, cheers the bedside or lifts its blushing face in the midst of luxury and love and laughter, its shabby old maker goes about desolate and forgotten. It is the way of life.

True it is, but shameful!

Shameful it has always been that genius should have to climb other men's stairs for its meager dole; shameful that "Paradise Lost" should go for a few pounds and that Edgar Allan Poe in his penury should get but \$10 for "The Raven."

True, and shameful, that the creator, the discoverer, the inventor, the maker of worth or beauty should be cheated of the pay for labors.

We live and enjoy because of some body's suffering and sacrifice.

We owe infinitely more than we can ever repay.

We remain forgetfully in the use and relief of a thousand things which have cost us nothing.

And who of us, when he is dead shall have given to the world a heritage of perpetual beauty such as this poor old gardener of Washington?

### PROTECTION FOR THE FARMERS.

Democratic Platform Makes False Assertion, While Hoosier Farmers Readily Understand Real Meaning.

Democratic speakers, in their attempts to defend their anti-protection plank, are endeavoring to throw dust in the eyes of Indiana farmers that the tillers of the soil may not see the real meaning of this particular plank. The Democratic platform asserts:

"The farmer sells largely in free markets and buys almost entirely in the protected markets."

The first half of that assertion is plain falsehood. The farmer has his full share of protection for his products. It was the fear of loss of that protection that caused many farmers to oppose the proposition to establish reciprocity with Canada.

The Indiana farmers are hardly expecting protected markets for their products and free markets in which to purchase what they may need. Manifestly they can not secure such discrimination in their favor. If the Democratic party should gain control of the government, and proceed to Free-Trade Tariff revision, the farmers' protection would have to go with the rest.

Does the Democratic party imagine that it can fool the farmers with the false statement that they haven't protection and thus cause them to believe that Free-Trade Tariff revision will not harm their interests; but give them an advantage?

The farmers know that they have protection. Also they know that they would lose it if the Democratic anti-protection policy were carried into effect.

### The Danger After Grip

lies often in a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of Grip. If suffering, try them. Only 50 cents. Sold and perfect satisfaction guaranteed by The Andrews Drug Co., Seymour, Ind. advertisement.

### THE WAR ON CUCUMBERS.

In order not to arouse the sentiment of those who advocate cucumbers as a diet, it is just as well, perhaps, that the Department of Agriculture, in reprinting that valuable brochure on "Green Vegetables and Their Uses," should deal with a grave question only in general terms, says the Washington Post. Such a mass of evidence has been produced during the past few years tending to establish the deadly nature of the cucumber, particularly in the case of elderly people who have acquired the habit, that the protagonists of this treacherous Ishmael of the gardens have become acutely sensitive. Efforts to reform them only confirm them in their obstinacy. After indicating the special perils incident to the eating of produce which may have been contaminated, the department merely hints diplomatically that one must be especially careful in the matter of "vegetables that are to be eaten raw." In order to make the matter still clearer, without giving offense, it is added that "thorough cooking destroys bacteria." Coming from such a source, those words are full of meaning. It is a notorious fact that the cucumber is practically the only garden vegetable which is never cooked. To bake or boil it would be a most effective way of neutralizing its toxic juices, but the very thought of cucumber pie, for example, seems as incongruous as fried sherbet. This in large part explains why it is that while the toad-stool claims its thousands, the cucumber slays its tens of thousands.

Ah! here is a new "science," or medical discovery: "Merriopathy," or the "science of the healing laugh." Great is the therapeutic virtue of the "healing laugh." All you have to do, remarks the disciple of Galen who writes out this prescription (no charge for it, that's one advantage), when you are feeling real bad is to laugh right merrily, feel first rate, and, lo, the attack, however fierce, is over. Good for dyspepsia, good for hay fever, good for a liver that has gone on strike; and a sure cure for the heart bowed down by misfortune, grief, bereavement, says the Milwaukee Sentinel. So throw physic to the dogs; and when you lose wife, husband, mother, dry your eyes and assume the broad grin. You have no idea how fine it will make you feel, says "Merriopathy." Just laugh when you feel like weeping; just feel real good when you feel real bad. That is "merriopathy." How delightfully easy! O, those front page, "physicians!" The "Merriopathy," however, is a lot better than the frequent scientific person who presumes on his professional acquaintance with your insides to scare you into fits every week or so by publishing some frightful new disease, food peril, or devastating microbe.

According to Professor Jung, one of the country's best known authorities on gastronomy, the question of when, how and what to eat is one of the most serious problems confronting the nation. "The health and happiness of our men and women," he says, "rests on the abolition of the quick-lunch counter, for as a result of improper food, improperly eaten, comes melancholy, and after melancholy nearly anything, says the London American. Bring back the good old home cooking; let a wife's love for her husband be borne out by her cooking." Says Meredith: "Civilized man cannot live without cooks." Professor Jung recommends that every man learn to cook for himself. The trouble with most of us is that we sit down to a meal as we go to the dentist's chair. The hour comes for eating, and we eat; the process is regarded as an evil to be ended as quickly as possible. We do not think or care what we swallow without chewing, and we get up with an air of a martyr as though we would say, "There, that's done."

Although that New York broker who lost his money and went on the stage is utterly unable to act, he need not let such a trifle disturb his histrionic ambitions. Some of our most successful players are in the same boat.

A New Jersey policeman who recently inherited \$100,000 has received 2,000 offers of marriage. It is evident that a lot of women think he is not going to be spoiled by sudden riches.

A Chicago woman had her husband sent to jail for abandonment. Then she served his sentence with him. She knew he couldn't run away from her there.

A New York woman suing for divorce says her husband cursed her in seven languages. Evidently she is tired of the seven rages of man.

The English army has decided to quit experimenting with aeroplanes. Evidently the supply of lieutenants has been exhausted.

There is still hope. Men's fall hats are apparently no fuzzier than they were last year.

### REPUBLICAN TARIFF PLATFORM

Tariff Should be Revised, But Only After Close Study of Conditions Have Been Made.

The Republican platform says on the tariff question, the chief question in the campaign:

"We reaffirm our belief in a protective tariff. The Republican tariff policy has been of the greatest benefit to the country, developing our resources, diversifying our industries and protecting our workmen against competition with cheaper labor abroad, thus establishing for our wage-earners the American standard of living. The protective tariff is so woven into the fabric of our industrial and agricultural life that to substitute for it a tariff for revenue only would destroy many industries and throw millions of our people out of employment. The products of the farm and of the mine should receive the same measure of protection as other products of American labor."

"We hold that the import duties should be high enough while yielding a sufficient revenue to protect adequately American industries and wages. Some of the existing import duties are too high, and should be reduced. Readjustment should be made from time to time to conform to changed conditions and to reduce excessive rates, but without injury to any American industry. To accomplish this correct information is indispensable. This information can best be obtained by an expert commission, as the large volume of useful facts contained in the recent reports of the tariff board has demonstrated the pronounced feature of modern industrial life is its enormous diversifications. To apply tariff rates justly to these changing conditions requires closer study and more scientific methods than ever before. The Republican party has shown by its creation of a tariff board its recognition of this situation and its determination to be equal to it. We condemn the Democratic party for its failure either to provide funds for the continuance of this board or to make some other provision for securing the information requisite for intelligent tariff legislation. We protest against the Democratic method of legislating on these vitally important subjects without careful investigation."

"We condemn the Democratic tariff bills passed by the House of Representatives of the Sixty-second Congress, as sectional, as injurious to the public credit and as destructive of business enterprise."

"The steadily increasing cost of living has become a matter not only of national, but of world-wide concern. The fact that it is not due to the protective tariff system is evidenced by the existence of similar conditions in countries which have a tariff policy different from our own, as well as by the fact that the cost of living has increased, while rates of duty have remained stationary or been reduced."

### Eagles Disperse Other Birds.

Keen interest is being taken in a pair of golden eagles, which are rearing an eaglet on a lofty ledge of rock in one of the lonely corries of Glen-Edich Deer Forest, in Scotland. A remarkable incident was observed the other day by one of the keepers. The male eagle was seen to rise with a grouse in its talons and when it had soared high above the eyrie, it gave a screeching sound, as if calling to its mate in the nest below. The female at once left the nest, when the cock dropped the grouse, which was caught in mid-air by the female bird and at once conveyed to the nest. This consists of a huge structure of sticks and heather and is surrounded by the bones of hares and grouse. The district is now being forsaken by grouse, which are apparently in dread of the eagles, which are being strictly protected by the orders of the Duke of Richmond and Gordon.

## PRaise for Mr. Taft

EDITORIAL COMMENDATION OF HIS CHARACTER, HIS ACHIEVEMENTS AND HIS WISDOM.

### ALL SECTIONS REPRESENTED

The President Eulogized Because He is Wise, Honorable, Dignified, Courageous and Safe and His Triumphant Re-election Is Predicted.

From every section of the country comes editorial commendation of President Taft and of his administration. Quite a number of papers which, until recently, had remained independent, have, like the Clinton, Ill., Journal, declared their conviction that only the continuance of present policies will ensure the stability and prosperity of the agricultural, industrial and financial interest of the nation. The president is receiving credit for his courageous vetoes of free trade tariff bills, for his efforts to secure economical administration of the government and for his success in improving social conditions through recommending and forcefully advocating legislation. A page could well be filled with extracts from editorial columns praising the president, but the following must suffice:

### Friend of Old Soldiers.

From the Clay Center, Kan., Republican. The old soldier vote should help to elect its friend, William Howard Taft, signer of the Sherwood Pension bill, and son of Grant's secretary of war.

### Where Mr. Taft Stands.

From the Wausau Record-Herald. Taft stands exactly where either of the great martyr presidents would have stood had they lived in his day and occupied his place. He stands for the constitution, for the courts, for the perpetuation of the tried and proved American institutions, for the principle of protection to American labor, just laws and their impartial enforcement against rich and poor, high and low, alike. No president ever had higher ideals, better comprehension of the intricacies of government, or more courage in presenting his convictions to the public.

### Now Outspoken for Taft.

From the Clinton, Ill., Journal. As the Journal up to this point in the campaign has exercised its prerogative of expressing disinterested comment upon issues and candidates, so now, as an independent newspaper, it feels that the time is at hand and the opportunity is ripe to declare its policy on the issues of the day. From now on until November 5, therefore, the Journal will contribute its efforts to the success of the principles of the Republican platform and the re-election of William Howard Taft to the presidency. It is convinced that only the continuance of present policies will insure the stability and prosperity of the agricultural, industrial and financial interests of the nation, and it trembles for the future at the thought of the havoc and ruin which the success either of the Democratic party or of the misnamed "Progressive" party would mean.

### Safe and Sound.

From the Casville, Mo., Republican. The country has a man in the presidential chair who can be relied upon to uphold the principles of protection and the other doctrines of the platform on which he was elected. Mr. Taft is standing courageously for the principles in which he and his party believe. Four more years of his administration offers safe and sound protection to labor and to capital.

### Dignified and Positive.

From the Coeur d'Alene, Idaho, Press. Compare the dignity, the tact, and the positive stand taken by Mr. Taft with the bombastic acts and utterances of his predecessor, and see which measures up to the standard of a president and who has accomplished most for the country.

### Has Done Much for Labor.

From the Bluefield, W. Va., Telegraph. The Taft administration can point to a solid record of practical achievements in labor legislation.

### The Safest Man in Sight.

From the Petaluma, Cal., Argus. By November it is likely that the common sense of the country will have found itself so far as to see and say that, for the presidency, Mr. Taft is the safest man in sight.

### Honest and Brave.

From the Morristown, Pa., Herald. Fair-minded people, even if they do not believe that bills in equity and indelible under the Sherman anti-trust law are the proper thing, must credit the president with an honest and grave determination to enforce the law as it stands.

### Wise and Prudent.

From the Denver, Colo., Republican. President Taft's administration has not been one of talk and parade, of sensational assertion and show of authority. But it has been an administration of hard work in quiet and unostentatious ways. He has said little. But he has done much. The rising tide of business prosperity testifies to the wisdom and prudence of his administration, and to the confidence which the business world has in his discretion.

### Great Achievements.

From the Erie, Pa., Dispatch. There is no doubt that the great achievements of Taft will be acknowledged by the historian of the future. The voter of the present ought to be no less clear-eyed to do the same.

### Has Cut Down Expenditures.

From the Milwaukee, Wis., Wisconsin. One of the policies of the Taft administration carried out in the interest of the people against much selfish opposition has been the retrenchment of unecessary and extravagant expenditures.

## GET RID OF RHEUMATISM

Rubbing with S. S. S. ointment the affected parts, the application of plasters, and other means of external treatment, are usually helpful in relieving the pains and aches of Rheumatism. But such treatment does not get rid of the disease, because it does not reach its source. Rheumatism comes from an excess of uric acid in the blood. This acid acts as an irritant to the nerves, muscles and joints, and produces the inflammation and swelling, and sharp cutting pains characteristic of the trouble.

When the blood is overburdened with uric acid it grows thinner and poorer in nourishing qualities. Then Rheumatism becomes chronic and not only a painful but a dangerous disease. You can get rid of Rheumatism by purifying the blood with S. S. S. This vegetable remedy goes into the circulation, neutralizes and removes the uric acid, and by building up the thin, sour blood, safely and surely cures the disease. S. S. S. makes rich, nourishing blood, which quiets excited nerves, eases the painful muscles and joints and filters out every particle of irritating uric acid from the system. Look on Rheumatism and advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

### WOODROW WILSON,

Democratic Candidate for President,

being summoned before the bar of the American people as a witness for and in behalf of the Republican party, was examined and testified as follows:

Question: Did you or did you not, in your History of the American People, refer to the years 1893 to 1896, when the Democratic party was in power, as "THOSE FATAL YEARS OF DEPRESSION"?

Answer: I did.

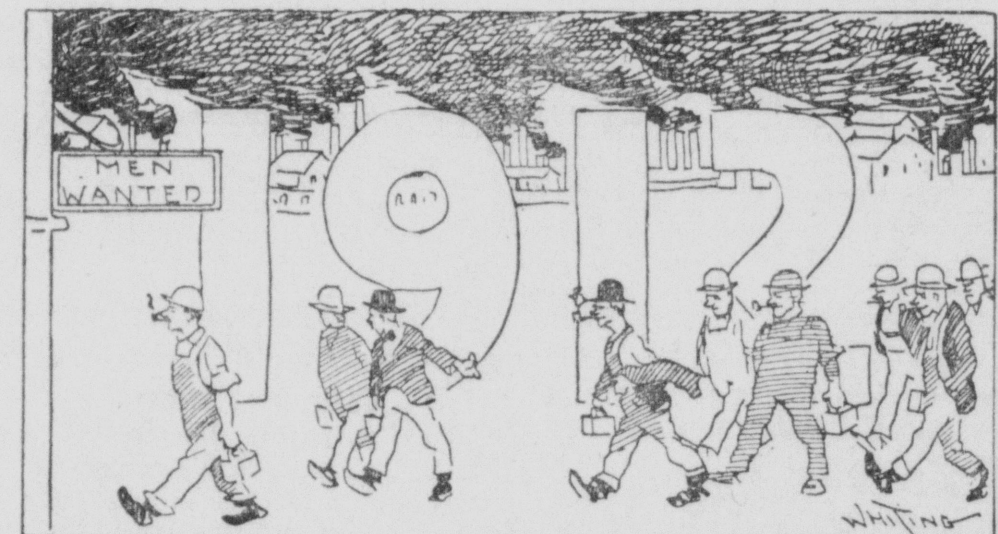

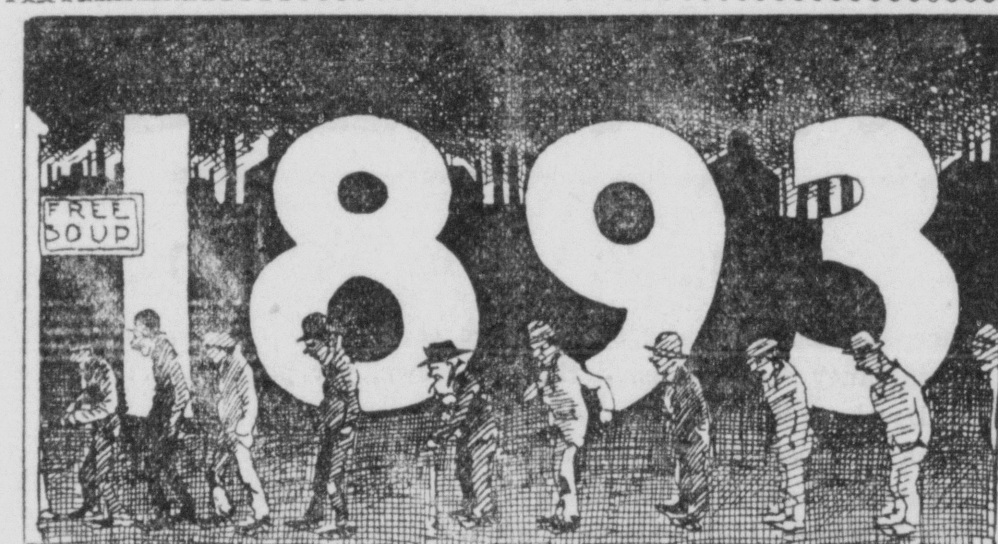

Question: Did you or did you not describe the terrible conditions in those years in the following language, upon pages 235 and 236 of Volume 5: "A great poverty and depression had come upon the western mining regions and upon the agricultural regions of the west and south," and "Men of the poorer sort were idle everywhere and filled with a sort of despair. All of the larger cities and manufacturing towns teemed with unemployed workmen, who were WITH THE UTMOST DIFFICULTY KEPT FROM STARVATION by the systematic efforts of organized charity?"

Answer: I did.

Question: Did you or did you not, after describing this distress in detail and relating that millions of American gold went across the sea to pay foreign creditors, use these words, on page 263: "NOT UNTIL THE YEAR 1897, WHEN THE REPUBLICAN ADMINISTRATION CAME IN, DID THE CRISIS SEEM TO BE PAST"?

Answer: I did.

The Republican party asks no better witness against a change from sixteen years of Republican prosperity to four years more of Democratic distress than Woodrow Wilson, the Democratic candidate for president.

South Bend (Ind.) Tribune.

### MADE WITH MUSHROOMS.

FRESH mushrooms are generally plentiful in the autumn. If not the mushroom lover can fall back on the dried or canned variety.

A test of the genuineness of mushrooms is to place a washed and scoured silver coin in the water in which they are cooked. If the coin blackens there are poisonous mushrooms in the vessel and they must be thrown out.

### Served on Toast.

Mushrooms on Toast.—Take two cups of mushrooms, place them in a saucepan with two tablespoonfuls of butter rolled in a little flour. Add one teaspoonful of salt, a pinch of red pepper and a squeeze of lemon juice. Stew gently until the mushrooms are tender. Serve on toast.

Broiled Mushrooms.—Cut off the stems and wash the mushrooms. Place them in a greased fine wire broiler and broil gill side down for five minutes. Then turn and broil the other side. Brush the gill side while still in broiler with melted butter. Remove from the broiler to slices of buttered toast. Brush with butter on top. Season and serve.

### Savory Viands.

Sautéed Mushrooms.—After having washed, dried and chopped the mushrooms in large slices season them with salt and pepper and toss them with butter in a frying pan over a hot fire. Sprinkle with chopped parsley at the last moment and serve hot.

Grilled Mushrooms.—Remove the stalks and peel carefully. Spread

the gill side liberally with butter. Dust with salt and pepper. Place on a grill over a clear fire and brook slowly until they are soft all through. They must be served on a very hot dish, which should not be uncovered until its contents are to be served. Each mushroom may be flavored with a few drops of anchovy sauce, a dash of red pepper or lemon juice or simple salt and pepper, according to taste.

**Sore Throat Wisdom**

If every mother could realize the danger that lurks behind every case of sore throat, she wouldn't rest until she had effected a cure every time a child has it. Your family physician will verify the statement that it is a positive fact that every child with sore throat is in immediate danger of contracting Croup, Quinsy, Tonsillitis or Diphtheria, and is not removed from that danger until the throat is cured. Think of it!

Liniments or outward application of medicines do not and cannot cure the ailment, though they may offer temporary relief. Neither can you cure sore throat with a cough syrup or a cold cure.

To cure, you must get at the seat of the disease, removing the cause. Nothing does that so quickly, safely and surely as TONSILINE. A single dose of TONSILINE taken upon the first appearance of sore throat may save long weeks of sickness, great expense, worry, even death. TONSILINE is the stitch in time. Use a little sore throat wisdom and buy a bottle of TONSILINE today. You may need it tomorrow. TONSILINE is the standard sore throat remedy—best known and most effective and most used. Look for the long necked fellow on the bottle when you go to the drug store to get it. 25 cents and 50 cents. Hospital Size \$1.00. All Druggists.

### CHAPTER XVI.

#### The Midnight Visitor.

It was not very long before Hap came. I knew it was he, for instead of going into the house and ringing for the gray car like an orderly, well-behaved person, he stood on the terrace and yelled for it. Strangely enough, no one realized that anything had happened. The piano tinkled, I could catch bits of conversation from the bridge players, the click of billiard balls sounded, and there was a rattle of chips from the cardroom upstairs. Hap had disappeared into the house, but presently, when Vincent brought the gray car in front, he came out, climbed into it, threw in the gear with a clatter that made me shiver, and he, too, disappeared down the driveway.

A knock came at my door, and Burrows was there with a note. For the fourth time that evening I opened a note from Hap and read it:

Dear Louie—Winthrop has been arrested, as you know, and the pig-headed fool of an officer won't listen to reason. We've got to find a judge and get him out on bail. It's an awful mistake. Don't get uneasy, John will straighten out everything. The old general isn't badly hurt. It will be in the newspapers. I don't think any power on earth can stop it, but I want to ask you not to believe it, and don't tell Laura unless you must. HAP.

I had barely finished reading when Laura knocked and came in. I crushed the note in my hand.

"What's the matter with everybody?" she asked. "John went away, after a mysterious message, and now Hap has gone, and you're here looking like a ghost. What is it? Has Natalie lost anything else?"

"I don't know," I replied. "I haven't seen her."

"I didn't dare come up until I saw your light still burning, and I thought, perhaps—have you and Hap quarreled?"

"No," I said. "Why should I quarrel with Hap?"

"Something has happened," she insisted. "You look queer, guilty. Has Hap been proposing to you?"

"How absurd you are," I smiled. "Don't you think of anything, dear, but love and proposals and marriage?"

"Perhaps I don't," she replied slowly. "No one will let me think of anything else. Louie, I'm sick of it all," she burst out suddenly. "I've made a fool of myself. I expected Winthrop tonight; I even waited at the gate, sure of him, and he didn't come. Does he think that's the way to win a woman? Then when I came back, Charley Ayer made a fool of himself. You've been neglecting him lately, and he had to turn to me for consolation, so with Benny Bliss, and now Charlie—!"

"It's in the air," I said, and the tone was tragic, although I intended to be flippant.

"Even His Grace has been considering me," she went on, "ever since Mrs. Higginson let it drop how much I was worth in my own right. Of course, he's after money, and I could be the Duchess de Trouville if I beckoned, notwithstanding all that devotion to Natalie. I have more money than she has. I've been wondering tonight if I'm not all wrong, if it isn't wiser to marry some one who wants me rather than some one I want." She suddenly covered her face with her hands.

"Don't dear," I begged. "Winthrop loves you. He's working for you."

"Is he?" she asked, and her hands fell to her sides listlessly. "He hasn't told me so. A woman wants something to go on. A woman wants a man to take her and keep her and let nothing matter but that he loves her. That's what a woman wants, isn't it? He would come if he cared. He would ask me to marry him if he really cared."

"Perhaps he couldn't come," I said. "I heard him go out in the boat while you were at dinner. Perhaps he intended to get back and his naughty heroine kept him. You know he solves knotty places like that, and he's trying so hard to finish. Laura, you know he loves you."

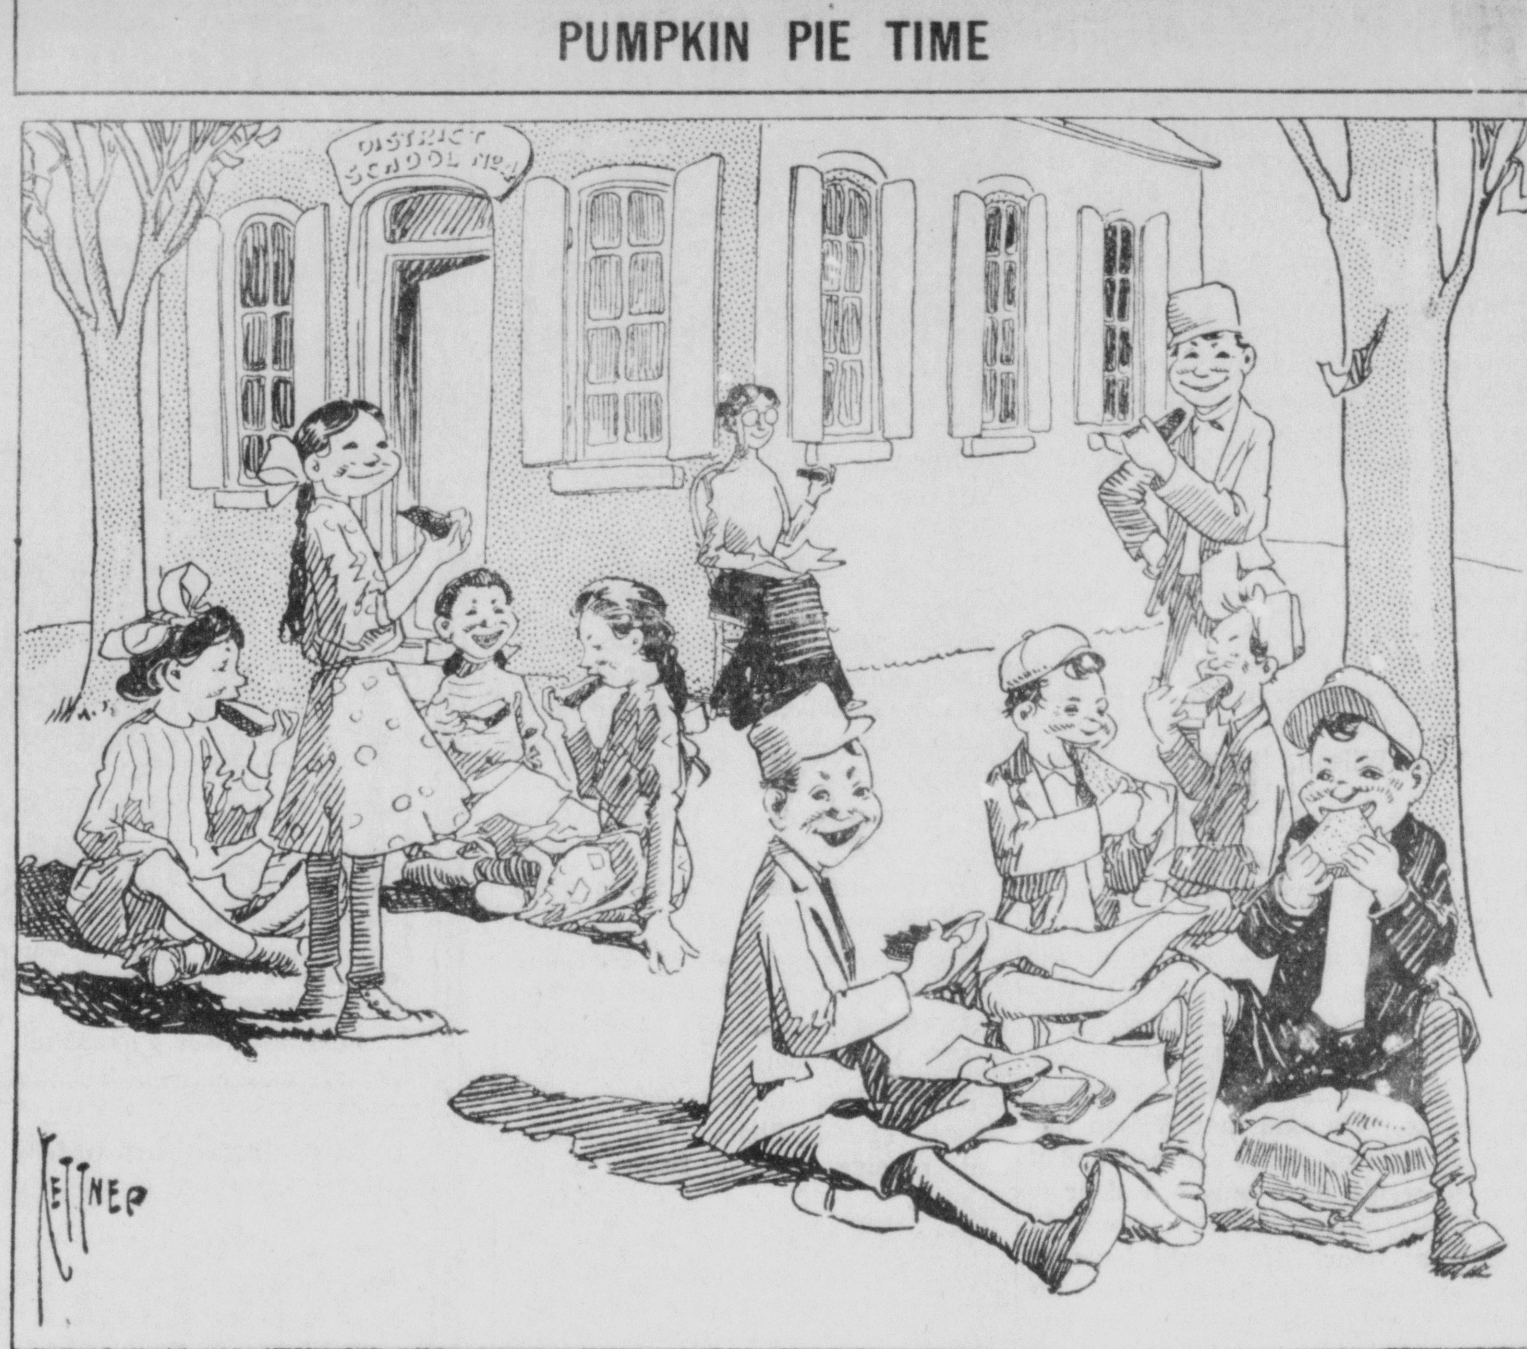

"Yes, I suppose so," she agreed. "I can't see it that way tonight. I'm hurt and I've drifted dangerously near a precipice. Charlie Ayer nearly pulled me over. After all, I couldn't be so desperately unhappy with Charlie."

Perhaps it needed only a word from me to fulfill my duty to Mrs. Hazard, but I couldn't say it. I seized her hands in my own and with a vehemence that surprised both of us, I said:

"Don't give up the man you love, dear. He needs you, he's going to need you more. Love him, believe in him, and whatever happens, keep on believing in him."

"What's wrong with you?" she demanded. "You are not yourself. Is anything troubling you? Not that silly ruby? Has John's going away anything to do with it?"

"No, dear, there's nothing wrong

## PUMPKIN PIE TIME

with me.

"You haven't been—been arrested?" "No, of course not. But I'm dead tired. I think I've let myself get hysterical. Perhaps the summer had been more wearing than I thought. I'm going to sleep now; I'll be all right tomorrow."

"You're coming with me," she said. "No, not tonight. I want to be alone. I'll be up early. May I kiss you goodnight?"

She laughed, kissed me and started out; then she paused and turned back.

"Don't you worry over what Natalie said. It's perfectly silly." And she was gone.

I noticed that the telephone was ringing insistently on Mrs. Hazard's desk. I answered it. It was long distance, wanting Mrs. Hazard. I sent for her, fearing, dreading what might come over the wire. I was so ignorant of what could be done to Winthrop. I lingered only with the idea of being able to help her.

"Yes," she answered. "Is that you, John? Wait up?"

What is it you want me to sign? "Oh!" She held the receiver to her ear a long while, but she didn't say anything else except, "Goodbye."

"What is it some one wants you to sign?" Laura wanted to know.

"I don't know," she replied. "It was John. I shall have to wait up and see." The tone was casual; so casual that Laura went back to her room without another question.

I was just getting into bed when a knock came. It was not Laura's decisive tap, nor Celie's inquiring one. I threw on a dressing gown and opened the door. Natalie stood there, her tall, slim figure gracefully outlined against the lighted corridor.

"Won't you come in?" I asked mechanically, falteringly. I was amazed. What could have brought her?

"May I?" she smiled droopily. "No, I won't sit down"—as I snapped on the lights and indicated a chair—"I just wanted to say something to you. I couldn't sleep until I did. I want to apologize to you, to tell you that I spoke in haste about that—lost ruby. I'm sorry. I know that you couldn't possibly have done such a thing, couldn't possibly. I made a frightful mistake. I shall also apologize to Mrs. Hazard. Do you believe me?"

She suddenly put out a slim hand, and I remembered the time when I was adrift and that hand had been a protecting one. A little wave of friendliness swept over me.

"Yes, I believe you," I replied. "You are very kind to come and tell me so."

"Let us be friends, Miss Codman," she drawled. Her cool hand touched mine. "I think you dislike me, but we'll change that if you will. We missed you tonight. There wasn't just the usual cheerful order of things. Everybody was ill-assorted, aggressive and argumentative. I hope you will not be ill again. We can't spare you. Well, goodnight." She melted to the door. "I lost my head this afternoon, or I should never have said what I did. Do you sincerely forgive me?"

"Yes," I replied. "Goodnight."

She regarded me for a moment, through half-closed lids, as if I had agreed too readily, then her lips parted in a smile.

"Goodnight," she repeated cheerfully.

I crept into bed wondering, bewildered, and lay there for a long time staring wild-eyed, questioning into the darkness. Why this apology? What had caused Natalie to change her mind?

Just how long I had been asleep I don't know, but suddenly I found myself sitting up in bed, conscious that a door had opened and closed, conscious, too, that some one was in the room. My hand flew to the button beside my bed; I had to know the extent of my danger!

The lights flashed. The person who stood there was Hap, blinking in the sudden glare of the light, looking

comically surprised and rather disheveled in a most becoming yellow dressing gown. The situation would have been embarrassing if I had not been so scared.

"I beg your pardon," he managed to say. "I really beg your pardon."

He turned, jerked at the door, and was gone. I jumped out of bed.

The Lights Flashed. The Person Who Stood There Was Hap.

turned the key in every lock, and sank in a heap to the floor. The day had been too much for me.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood, and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### Fifty Years Ago Today.

Oct. 16.

A Federal brigade under General Godfrey Weitzel, supported by five gunboats, seized Donaldsonville, La., as a base for operations in western Louisiana. The Confederate General Richard Taylor was in that region gathering an army to recapture New Orleans. General B. F. Butler, the Federal commander at New Orleans, had sent Weitzel up the Mississippi to dislodge Taylor at all hazards.

### Twenty-five Years Ago Today.

Colonel Frederick D. Grant was stamping New York for the Republican State ticket of which he was the head.

### ANSWER THE CALL.

Seymour People Have Found That This Is Necessary.

A cold, a strain, a sudden wrench, a little cause may hurt the kidneys. Spells of backache often follow.

Or some irregularity of the urine.

A splendid remedy for such attacks.

A medicine that has satisfied thousands.

Is Doan's Kidney Pills, a special kidney remedy.

Many Seymour people rely on it. Here is Seymour proof.

Mrs. Carl Larison, 323 N. Mill St., Seymour, Ind., says: "I suffered from my back for a long time and often the secretions from my kidneys bothered me. I had dizzy spells and headaches, was languid and could hardly attend to my house work. Every cold I caught settled in my kidneys and made my trouble worse. Every little noise irritated me and I felt nervous. Doan's Kidney Pills relieved these troubles and in return for their good work, I recommend them at every opportunity."

The above statement must carry conviction to the mind of every reader. Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Larison had—the remedy backed by home testimony. 50 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

## LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of applicants do not even suspect that they have the disease.

He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation that has probably been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of cures.

We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—fifty cents and one dollar.

However, if you wish first to test its wonderful merits, send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, absolutely free. When writing be sure and mention the Daily Republican.

## GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and luster makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

### Almost a Miracle.

One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendon, Tex., was effected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery and was completely cured by ten bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for Coughs and Colds with excellent results." It's quick, safe, reliable and guaranteed. John J. Peter, et al vs. Jackson County Loan and Trust Co. to construe will.

William M. Brim, executor of will of George Applegate, deceased, vs. Flora Alice Applegate, et al petition to sell real estate.

one-half years as president of the United States Roosevelt had nothing to say about the tariff, said Mr. Bryan. He said that Marshall had advocated the election of senators by direct vote before the colonel did, and indirectly paid a compliment to Indiana's governor. The trusts were not "busted" by Roosevelt, declared the speaker, but they prospered under his administration.

Bryan declared that he was opposed to the third term policy and eighteen years ago, when he was in congress introduced a resolution providing that no president should serve more than one term. He said that Roosevelt had made an attack upon Woodrow Wilson, but that Wilson had caused more labor laws to be enacted in New Jersey during his term of office as governor than Roosevelt had in his twenty-five years of public life.

The speaker asserted that the present democratic platform was stronger than the ones upon which he made the race, and asked the democrats to give their votes to their candidate. He said that Wilson was a clean man of moral courage and if elected would have only one door to the White House and that would be the front door. He would have no rear entrance, said Bryan, where the trusts could come in and foreclose the mortgage which they had upon the president. In closing his address he said that he was in favor of putting Wall street out of business and dissolving the trusts so thoroughly that they could never again reorganize.

After completing his address Mr. Bryan and his party were taken immediately to the train and started for Bedford. At Cortland the train was delayed a few minutes on account of connections and he spoke briefly to the school children who gathered about the train.

Lincoln Dixon took the platform after the departure of Mr. Bryan and gave his audience some theories regarding democratic doctrines.

#### HOW TO RESIST

##### Chronic Coughs and Colds.

Strong vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your run down condition again?

Mrs. Olivia Parham of East Durham, N. C. says: "I took Vinol for a chronic cough which had lasted two years and the cough not only disappeared, but it built up my strength as well."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say. Andrews Drug Co., Seymour, Ind.

#### Resolutions of Respect.

At its annual reunion Thursday, Oct. 10 at North Vernon, the Fourth District G. A. R. adopted the following resolutions concerning the death of Comrade Wm. J. Durham.

Resolved That at this annual reunion of the G. A. R. of the 4th Cong. District our joy is marred by sorrow, as we miss the face and form of many comrades. Conspicuous in the list of absent ones is our beloved Comrade W. J. Durham, our past recruiting officer of Seymour, Ind., and by this resolution we wish to express our appreciation of his worth. He was ever foremost when anything was to be done for the G. A. R., and the betterment of its members. We miss his counsel and advice, and deeply regret his death. Well done good and faithful comrade! Our sympathy reaches out to the bereaved family.

Resolved, That a copy of these resolutions be sent to his family and they be published in the city papers. Lewis King. D. B. Vance.

#### Card of Thanks.

We wish to thank all the neighbors and friends and especially the Machinists Union No. 346, of Washington, O. R. C. Division 301, Seymour Chapter No. 85, and Jackson lodge No. 46, F. & A. M., Rev. F. M. Huckleberry and Frank J. Voss for the beautiful floral offerings and for their sympathy and assistance during the illness and at the death and burial of our husband and father, A. J. Ross. Their kindness will always be appreciated.
